

# The Los Angeles Trust for Children's Health

## **Mission**

Bridging health and education to achieve student wellness.

## **Vision**

A world where every student is healthy and successful.

---

## **Values**

### **Holistic Health**

We recognize physical, mental, emotional, and environmental health are interdependent components of overall health and well-being.

### **Health Equity**

We promote social justice and equal access to support systems to reduce student health disparities.

### **Youth Partnership**

We create opportunities for youth to be agents of change and reach their full potential through health advocacy and leadership.

---

## **Strategic Goals**

### **1 Powerful Programs**

Promote student health through prevention and education

### **2 Optimized Student Wellness Centers**

Foster best practices and provide support to school-based wellness centers

### **3 Data-Informed Healthcare**

Transform student healthcare with data-driven insights

### **4 Internal Investments**

Strengthen internal capacity to expand influence and impact
